BIRTHDAYS

Elite Development Birthday Parties offer the perfect celebration for your Child's birthday through a fun football party. Whether a keen footballer or someone with not that much experience of playing football we assure everyone at our parties will have a good time.

Organising birthday parties can be super stressful and time consuming. Let us take away that stress and organise it for you and let your child enjoy their football themed party with all their friends!

STRUCTURE

Warm Up Games & Challenges

We have a whole host of fun football games for the children to take part in and play.

All games are well suited to boys & girls and are tailored around their age group.

Themed Matches & Tournaments

We always end our parties with tournaments and matches!

Music

We also supply the music, we supply the coaches, we supply the medals, we simply supply the fun!

Presentation

To finish we always hold a presentation where every child receives a medal!

The birthday boy/girl will receive a trophy for them to take home!

Invites

If requested, we can create e-invites for you to send out to your guests!
